We will be publishing our Business Responsibility Report (BRR) every year as a part of the annual report. It will also be available on the Company's website at www.nesco.in.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1 Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

We have a Code of Conduct which governs the Directors and senior management of the Company in carrying out their responsibilities towards the Company and stakeholders. The Code has been formulated so as to promote the highest degree of personal and professional integrity, honesty and values. It is applicable to:

- Members of the Board of Directors.
- Senior management, Key Management Personnel and Functional Heads ("Manager").

The principles of ethics, bribery and corruption are covered in the Code of Conduct. All Directors and senior management members are required to confirm compliance with the Code of Conduct Annually.

We have guidelines for bribery, corruption and ethical business conduct which apply to the suppliers, vendors, contractors and implementing agencies.

2. Stakeholder complaints received in the past financial year and percentage satisfactorily resolved by the management?

We monitor stakeholder complaints through various formal and informal mechanisms. The complaints received and resolved are listed below:

Stakeholder Group	Complaints Received (No)	Complaints Resolved (Nos)	Complaints pending (as on 31 March 2018)
Investors	30	30	Nil
Suppliers	Nil	Nil	Nil
Local Communities	Nil	Nil	Nil
Customers	312	305	7

The complaints remaining pending as on 31 March 2018 are under review.

Principle 2 Provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. Products or services whose design has incorporated social or environmental concerns, risks and/or opportunities

- Nesco IT building 3 in Nesco IT Park is a Platinum LEED Certified Green Building. Nesco IT building 4, which is under construction, is also designed to be a Platinum LEED Certified Green Building. The building has green activities that achieved outcomes of energy efficient design, water use reduction, sustainable site selection and development, responsible materials selection and waste management, and enhanced indoor environmental quality. Nesco IT Park 3 has led to a 20-30% reduction in the electricity and water requirement. The Green building also provides wellness of the occupants because of the enhanced indoor air quality and thermal comfort.
- In FY 2017-18, two of the exhibition halls (Halls 2 and 7) were upgraded to improve energy efficiency. The metal scrap generated as waste was sent to the foundry at Karamsad where it was used as raw material in the furnace.
- We have rain water harvesting at Nesco IT building 3 and at Nesco IT building 4. The rain water collected is going to recharge the ground water and help in maintaining the Green Belt.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

Reduction during Use - Nesco IT Park building 3

There is almost 20 – 30% reduction in energy use and water use for the offices because of the Green Building features.

Reduction during Sourcing

More than 95% of materials for facilities management and for manufacturing division are sourced locally which helps reduce the emissions from inbound transportation of input materials.

3. Procedures for sustainable sourcing (including transportation)

We have a Procurement Policy for both our businesses. One of the criteria for selection of suppliers is distance from the site. It allows us to reduce the pollution and traffic from transportation.

4. Sourcing of goods and services from local producers

Manufacturing

Materials from the top 5 suppliers in terms of volume were sourced from suppliers within a radius of 100 km from the manufacturing plants.

Facilities Management and Development

All food products for the exhibitions and IT Park are sourced locally.

5. Mechanism to recycle products and waste

Manufacturing Division

- 100% of the metal sheet waste generated from fabrication activity is recycled to manufacture castings and abrasives in the foundry.
- 100% rejects from the foundry for making steel shots and castings are remelted into the foundry in a cyclical process.
- Metal scrap from Bombay Exhibition Centre (BEC) – The waste metal scrap generated from the upgradation of the exhibition halls is used as an input material in the foundry. In FY 2017-18, 38.72 MT of scrap from BEC upgradation was recycled in the Karamsad foundry.

Facilities Management and Development

We have completed the process of installation of a Composting Pit to manage the food waste generated at the Food Court at Nesco IT Park and Nesco Hospitality Pvt Ltd.

Principle 3 Promote the wellbeing of all employees

- Total number of employees by category as on 31 March 2018.
- Total number of permanent women employees.
- Total number of employees hired on temporary/contractual/casual basis.

Total	124	22	133	42	5	47	311

- Total number of permanent employees with disabilities.

Nil

- Employee Association recognized by Management.

As an organization, we allow freedom of association and collective bargaining to our employees. We have a recognized employee association at Vishnoli Plant. At our other locations, there are informal mechanisms for employees to raise any grievances and Complaints to the Management.

- Percentage of permanent employees members of this recognized employee association.

13 permanent employees are part of the Union which is 19.5% of the employees.

- Number of complaints relating to Child Labour, Forced Labour, Involuntary Labour, Sexual Harassment in the last financial year and pending as on the end of the financial year.

No.	Category	No of Complaints filed during the financial year	No of Complaints pending as on end of the financial year
1	Child Labour /Forced Labour /Involuntary Labour	Nil	Nil
2	Sexual Harassment	Nil	Nil
3	Discriminatory Employment	Nil	Nil

	Vishnoli Plant	100%	100%

Principle 4 Be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

1. Internal and External Stakeholders

The Company has established processes

Internal	Employees
External	Customers, NGOs, Local Communities, Police Department, Law and Order, Municipal Authorities

2. Disadvantaged, vulnerable and marginalized stakeholders and special initiatives to engage with them.

Our CSR Activities like the upgradation of a surgical ICU, contributing towards promotion of health care and promotion of remedies for various ailments, providing education to vulnerable class, setting up of English medium schools and construction of water tanks in rural areas were aimed at providing access to health care and equal education opportunities. The beneficiaries are the people of the villages who earlier had limited access to this infrastructure and to create awareness related to various diseases.

Principle 5 Respect and Promote Human Rights

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

We have a policy on Human Rights which covers the employees of Nesco and our subsidiary Company Nesco Hospitality Pvt. Ltd.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?

Stakeholder Complaints on Human Rights	No of Complaints filed (2017-18)	No of Complaints Pending as on 31 March 2018
Mumbai	Nil	Nil
Vishnoli	Nil	Nil
Karamsad	Nil	Nil

Principle 6 Respect, protect, and make efforts to Restore the Environment

1. Policy related to Principle 6 cover for the Company and stakeholders (Group/Joint Ventures/Suppliers/Contractors/NGOs/others).

We have an Environmental Health and Safety Policy for Indabrador in Karamsad and Vishnoli and the Facilities Management Services at Nesco Centre in Mumbai. The policy also applies to the subsidiary Company.

2. Strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.

We are cognizant of the impacts of climate change on our business in the medium and long term.

Manufacturing Division	Facilities Development and Management
We are constantly taking energy efficiency initiatives at our plants. We did a fuel switch from diesel to natural gas in our furnace in 2015-16.	The IT building 3 which is operational is a Platinum LEED Certified Green Building. Similarly the new IT building 4, which is under construction, is planned as a Platinum Certified Green Building.

3. Does the Company identify and assess potential environmental risks?

Environment and climate change related risks are part of the enterprise risk management framework and are considered under project risk, business operation risk, risk of business continuity, marketing risk and compliance risk.

At the operations level, environmental and health and safety risks are identified as a part of the ISO 14001 and OHSAS 18001 Certification.

4. Does the Company have any project related to Clean Development Mechanism?

No

5. Has the Company undertaken any other initiatives on clean technology, energy efficiency, renewable energy, etc.

We have been taking various energy efficiency initiatives at Nesco IT Park and the manufacturing plants at Karamsad and Vishnoli on an ongoing basis. In FY 2017-18, the following initiatives were taken:

- At the Bombay Exhibition Centre, we installed power factor capacitor panels. This has led to almost 10% reduction in electricity consumption.
- At the Manufacturing Plant in Vishnoli, we have installed sub meters to track the electricity consumption from each process. This has helped us to identify the areas for improvement in energy efficiency.
- We have started running the Foundry Plant in three shifts. It has enabled us to be energy efficient by reducing idling time by 15%.
- Various measures were taken for replacement and upgradation to more energy efficient machinery at the manufacturing plants for example fuel switch, change in the air pressure line etc.

6. Are the emissions/waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes. We strictly comply with the conditions laid down in the grant of consent to establish and operate by the Pollution Control Board and the Environmental Clearance.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

In FY 2017-18, there were no show cause notices or fines from CPCB or SPCB.

Principle 7 Engage in influencing public and regulatory policy in responsible manner

1. Is your Company a member of any trade and chamber or association? Name major ones that your business deals with:

As a policy, Nesco does not engage in public policy formulation and lobbying. However, the Company is a member of several leading Industry Associations, including

- National Association of Software and Services Companies (NASSCOM).
- Indian Convention Promotion Bureau (ICPB).
- Indian Exhibition Industry Association (IEIA).
- Indo German Chambers of Commerce

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good?

We do not lobby or influence public policy formulation.

Principle 8 Support Inclusive Growth and Equitable Development

1. Does the Company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Our Community Initiatives and projects are governed by the CSR Policy of the Company. We lay emphasis on enhancing quality of life for the community in which we live and work. Our CSR vision is embedded in trust, fairness and care. The focus areas of our CSR Initiatives are education and health. The community development initiatives taken in the reporting year are:

Education

- In 2016-17 we supported the construction of an additional new building for Smt. C J Patel English Medium School (Karamsad) for Higher Secondary School Education (11 and 12 Standards). The school was constructed by Nesco in 1986 to provide education till 10 Standard and currently has 589 students from Karamsad and nearby villages. The construction work was completed in the year 2017-18.
- In addition, balance finishing work was carried out in Sumant Jethabhai Patel English Medium School in Tarapur Village, Gujarat.

Health

- We also supported various organization who works towards promotion of Health Care and various other ailments.

2. Are the programmes/projects undertaken through inhouse team/own foundation/external NGO/government structures/any other organization?

The CSR initiatives were undertaken through existing, recognized and approved institutions.

Contribution to various Health Organization	29.48

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community?

The administration of all the CSR Initiatives is overseen by the CSR Committee of the Board and implemented through institutions who oversee the smooth functioning and long term impact of the infrastructure investments. The future needs are shared with us by these institutions. Depending on the needs of the institutions, the Company provides support in terms of up gradation, repair, etc.

Principle 9 Engage with and provide value to customers and consumers in a responsible manner

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

Owing to the nature of the products and services we provide; immediate resolution of customer complaints is essential for the business.

	Complaints Pending as on 31 March 2018	Comments
Bombay Exhibition Centre	Nil	Complaints received from exhibitors & organizers of exhibitions were related to AC temperature, bird droppings, Wi Fi, power tripping etc. All complaints were resolved during the event.
Nesco IT Park	2	We maintain excellent quality of infrastructure, security and housekeeping. All feedback received from the occupants is taken seriously and considered.
Indabrator	5	60-70% of the products manufactured are non-standard products customized to customer requirements. Further we provide end to end solution which includes providing product, spares and maintenance of the machinery.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws?

Nesco IT Park and Bombay Exhibition Centre

We are not required to display any information on the product and services. However, where relevant, we share details of the key features of our service offerings for the exhibition halls and the IT Park.

Manufacturing

For both standard and non-standard products, we give all the product specific requirements and health and safety measures during installation and use of the product. Where relevant, Material Safety Data Sheets (MSDS) are shared.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

We follow fair trade practices. There have been no complaints relating to anti competitive behavior or unfair trade practices by any stakeholders.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

We have CCTV coverage in the Nesco Premises with a robust system for security management to ensure security of the exhibition halls before, during and after the exhibition.

We are in constant contact with our customers and keep receiving feedback on an ongoing basis. In FY 2017-18, we did not carry out any external Customer Satisfaction Survey. However, we were able to collect feedback from our key customers.

We have a high number of repeat customers in both our businesses.

INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE IND AS FINANCIAL STATEMENTS

To
The Members of Nesco Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Nesco Limited ('the Company'), which comprise the balance sheet as at 31 March 2018, the statement of profit and loss (including other comprehensive income), the cash flow statement and the statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as 'standalone Ind AS financial statements').

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS, of the state of affairs of the Company as at 31 March 2018 and its profits including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner, over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company. In respect of immovable properties of land that have been taken on lease and disclosed as property, plant and equipment in the standalone Ind AS financial statements, the lease agreements are in the name of the Company.
2. The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. The discrepancies noticed on verification between the physical stock and the book records were not material and have been dealt with in books of account.
3. According to the information and explanations given to us, the Company has not granted any loans secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013 (‘the Act’). Accordingly, the provisions of paragraph 3(iii) (a), (b) and (c) of the Order are not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from public in accordance with the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the relevant rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
6. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under Section 148(1) of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have however not made a detailed examination of the records with a view to determine whether they are accurate and complete.
7. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees State Insurance, Income-tax, Sales tax/value added tax, Service tax, Customs duty, Excise duty, Goods and Service tax, cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees State Insurance, Income-tax, Sales tax/value added tax, Service tax, Customs duty, Excise duty, Goods and Service tax, cess and other material statutory dues were in arrears as at 31 March 2018 for a period of more than six months from the date they became payable except for the following;

Nature of dues	Amount (₹ in Lakhs)	Period to which the amount relates
Income Tax	14.66	AY 2007-08

- (b) According to the information and explanations given to us, following dues that have not been deposited by the company as at 31 March 2018 on account of disputes pending at various forums:-

Name of the Statute	Nature of dues	Amount (₹ in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax	IT matter under dispute	7.07	AY 2008-09	ITAT
		38.63	AY 2010-11	ITO
		113.09	AY 2011-12	ITO
		0.18	AY 2013-14	ITO
		26.48	AY 2014-15	ITO

8. The Company does not have loans or borrowings from any financial institutions, banks and Government. Also, it did not have any outstanding debentures during the year. Accordingly, paragraph 3(viii) of the Order is not applicable.
9. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3(ix) of the Order is not applicable.
10. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
11. According to the information and explanations given to us, managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
12. According to the information and explanations given to us, the Company is not a Nidhi Company as prescribed under Section 406 of the Act. Accordingly, paragraph 3 (xii) of the Order is not applicable.
13. According to the information and explanations given to us and based on our examinations of the records of the Company, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to us and based on our examinations of the records of the Company, the Company has not made any preferential allotment of shares or fully or partly convertible debenture during the year. Accordingly, paragraph 3 (xiv) of the Order is not applicable to the Company.
15. According to the information and explanations given to us and based on our examinations of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
16. According to the information and explanations given to us, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Nesco Limited (“the Company”) as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by ICAI (the “Guidance Note”) and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Accounting Policies

Background

Nesco Limited (“Nesco” or “the Company”) was incorporated on 15 April 1946, under the Indian Companies Act VII of 1913. The Company is domiciled in India having registered office at Nesco Center, Western Express Highway, Goregaon (East), Mumbai 400063 and listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The Company is mainly engaged in the following.

- i) Licencing premises in IT park buildings and providing rental services.
- ii) Licencing other premises for exhibitions and providing services to the organisers.
- iii) Manufacturing of machines and capital equipment.
- iv) Hospitality and catering services

Note 1 - Basis of Preparation of Financial Statements:

a) Compliance with Ind AS

These financial statements have been prepared in compliance with Indian Accounting Standards (Ind-AS) notified under Section 133 of the Companies Act 2013 (The Act), read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of the accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

b) Current / Non-Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:-

- i) The asset / liability is expected to be realised / settled in the Company’s normal operating cycle;
- ii) The asset is intended for sale or consumption;
- iii) The asset/liability is held primarily for the purpose of trading;
- iv) The asset/liability is expected to be realised / settled within twelve months after the reporting period;
- v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting cycle;
- vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of a liability for at least twelve months after the reporting cycle;

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing their realisation in cash and cash equivalents.

c) Functional and Presentation Currency

The Financial Statements are presented in Indian rupees which is the functional currency for the Company. Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss. Foreign exchange gains and losses are presented in the statement of profit and loss on a net basis.

d) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of schedule III, unless otherwise stated.

e) Use of Estimates

The preparation of Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realised may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the period in which the results are known / materialised and, if material, their effects are disclosed in the notes to the Financial Statements.

Note 2- Significant accounting policies

a) Property, Plant and Equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are carried at the historical cost, less accumulated depreciation and accumulated impairment losses if any. The cost of Property, Plant and Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent recognition is done in assets carrying amount or as a separate asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Profit or Loss on disposal of Property, Plant and Equipment is recognised in the Statement of Profit and Loss. All other repairs and maintenance expenses are charged to profit or loss during the reporting period in which they are incurred.

Expenses incurred on property, plant and equipment, net of income earned during the under development stage prior to its intended use, are disclosed under Capital Work-in-progress.

Depreciation methods estimated useful lives and residual value:

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful life of Property, Plant and Equipment is mentioned below:

Asset Class	Years
Factory Buildings	30
Buildings (other than Factory Buildings)	60
Plant and Equipment	15
Electrical Installations	10
Patterns and Mouldings	8
Furniture and Fixtures and Office equipment	
-Office furniture	10
-Computers	3
-Office equipment	5
Vehicles	10

The Property, plant and equipment acquired under finance leases is depreciated over the asset's useful life.

b) Non-Current Assets held for sale :

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortised.

c) Intangible assets:

Intangible Assets are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test. Purchase cost and consultancy fees for major software are amortized over the useful life of the software. Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 3 to 5 years.

d) Impairment of PPE and Intangible Assets:

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets may be impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

e) Inventories :

Raw materials, work in progress, stores and spares and finished goods are valued at the lower of cost or net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis.

In determining the cost of raw materials, packing material and stores and spares, weighted average method is used.

Cost of work in progress and finished goods comprises direct materials, direct labour, and an appropriate share of manufacturing overheads.

Cost of Inventories comprises of costs of purchase, cost of conversion, duties and taxes (other than those refundable), inward freight and all other costs incurred in bringing them to their respective present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

f) Financial Instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Investments and other Financial Assets:

(i) Classification:

The Company classifies its financial assets in following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on entity's business model for managing financial assets and the contractual terms of cash flow.

(ii) Initial recognition and measurement:

At initial recognition, the Company measures a financial asset at fair value, plus in case of a financial asset not at fair value through profit and loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transactions costs of financial assets carried at fair value through profit and loss are expensed in profit or loss.

(iii) Financial Assets measured at amortised cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. A gain or loss on such an instrument is recognised in profit or loss. Interest income from these financial assets is included in other income using effective interest method. The losses arising from impairment are recognised in the Statement of Profit and Loss.

(iv) Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where represent solely payments of principal and interest, are measured at fair value initially as well as at each reporting date through other comprehensive income. Fair value movements in the carrying amount are recognized in the other comprehensive income, except for the recognition of impairment of gains and losses, interest revenue and foreign exchange gain or loss which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(v) Financial Assets measured at fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVTOCI are measured initially as well as at each reporting date at fair value through profit or loss as other income. Income from these financial assets is included in other income.

(vi) Investment in Subsidiary and Associates:

Investment in equity instruments of Subsidiaries and Associates are measured at cost in accordance with the option available in Ind AS 27, "Separate Financial Statements".

Investment in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in economic environment.

(vii) Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI.

Fair value changes in case of the equity instruments classified as FVTOCI are recognised in the Other Comprehensive Income. There is no subsequent reclassification of gains and losses from other comprehensive income to profit or loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gains / (losses) in the statement of profit and loss.

Dividends from such investments are recognised in profit and loss as other income when the Company's right to receive payments is established.

Impairment loss (and reversal of impairment loss) on equity instruments measured at FVTOCI are not accounted separately from other changes in fair value.

(viii) Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTPL. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

(ix) Impairment of Financial Assets:

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

(x) De-recognition of financial assets :

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

A financial assets is derecognised only when the Company –

- has transferred the right to receive cash flows from the financial asset or
- retains contractual rights to receive the cash flows of the financial asset, but assumes contractual obligation to pay the cash flows to one or more recipients or
- does not retain the control of the financial asset or
- does not have continuing involvement in the financial asset.

When the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of financial assets. In such cases, financial asset is derecognised. When the entity has not transferred substantially all risks and rewards of ownership of financial asset, the financial asset is not derecognised.

(xi) Income recognition :

Interest income from debt instruments is recognised using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When computing effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

Dividends are recognised in profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

2. Financial Liabilities:

i) Classification:

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

ii) Initial recognition and measurement:

All financial liabilities that are classified as to be subsequently measured not at Fair value through Profit and Loss (FVTPL), are recognised initially at fair value, being transaction price net of directly attributable transaction costs. Financial liabilities include trade and other payables, security deposits etc.

iii) Subsequent measurement:

All Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. The EIR amortisation is included as finance costs in the statement of profit and loss.

iv) De-recognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

3. Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

g) Provisions and contingencies :

A provision is recognised, if as a result of a past event the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of the management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is the pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

h) Segment Reporting :

Operating segments have been identified on the basis of the nature of business activities from which the Company earns revenues or incurs expenses and for which discrete financial information is available. The Chief Operating Decision Maker monitors the operating results of its business segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The Operating segments have been identified on the basis of the nature of products / services.

1. Segment revenue includes sales and other income directly identifiable with/ allocable to the segment including inter-segment revenue.
2. Expenses that are directly identifiable with/ or allocable to segments are considered for determining the segment result. Expenses which relate the Company as a whole and not allocable to segments are included in un-allocable expenditure.
3. Income which relates to the Company as a whole and not allocable to segments is included in un-allocable income.
4. Segment assets and liabilities include those directly identifiable with the respective segments. Un-allocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker.

i) Revenue Recognition :

Revenue is measured at the fair value of the consideration received or receivable. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below.

Recognition of revenue from major business activities:-

1. Revenue from Industrial Capital Goods Division operations includes sale of manufactured machines and capital equipment, engineering fees, services and other charges. Revenue from sale of goods is recognized when all the significant risks and rewards of ownership are transferred to the buyer as per the terms of the contracts and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. It also includes excise duty and price variations based on the contractual agreements and excludes value added tax/ sales tax. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.
2. Revenue from Bombay Exhibition Centre operations includes renting of its halls for exhibitions, functions and providing services to the organisers. Revenue from such renting activities and the related services is recognised in the accounting period in which the event occurs.
3. Revenue from IT Park operations includes leasing of its IT park premises and providing services to IT and IT enabled services companies. Revenue from IT Park is recognised as operating leases income on straight line basis over the lease term.
4. Interest income is recognised using effective interest method and dividend income is recognised when the right to receive the payment is established.

j) Income tax :

Income tax expense comprises current tax and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i Current tax :

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii Deferred tax :

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilised. Deferred tax relating to items recognised in other comprehensive income and directly in equity is recognised in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- Entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- Deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

k) Cash and cash equivalents :

Cash and cash equivalents include cash on hand, Balances with Banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

l) Trade Receivables :

Trade receivables are non- interest bearing and receivable in normal operating cycle. Trade receivables are recognised initially at fair value (that is transaction price on initial recognition) and subsequently measured at amortised cost using effective interest method, less provision for impairment.

m) Leases

• As a lessee :

Leases of property, plant and equipment where the Company has substantially transferred all the risks and rewards of ownership are classified as finance leases.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

• As a lessor :

Lease income from operating leases where the Company is a lessor is recognised in income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Leases of assets where the Company transfers substantially all the risks and rewards of ownership are classified as finance leases.

n) Earnings per share :

Basic Earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

o) Employee Benefits :

i. Short term obligations:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii. Other long term employee obligations :

Entitlements to annual leave are recognized when they accrue to employees. Annual leave can either be availed or encashed at the time of separation or retirement subject to a restriction on the maximum number of 42 days

of accumulation of leave. The Company determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.

iii. **Post-employment obligations :**

The Company operates the following post-employment schemes.

a. **Defined benefit plans (gratuity) :**

The Company has unfunded defined benefit gratuity plan for employees.

Recognition and measurement of Defined Benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Re-measurements of the net defined benefit liability / (asset) comprising actuarial gains and losses are recognized in Other Comprehensive Income. Such re-measurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary.

b. **Defined contribution plans such as provident fund :**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

p) **Proposed Dividend:**

The final dividend recommended by the Board of Directors is accounted in the financial year in which it is approved by the shareholders in the Annual General Meeting.

q) **Recent Accounting pronouncements :**

Standards issued but not yet effective

Ind AS 115:- Revenue from Contract with Customers

Ind AS 21 :- Foreign Currency transactions and advance consideration.

These amendments are applicable to the Company from 01 April 2018. The Company is evaluating the requirements of the amendments and the effect on the financial statements is being evaluated.

Note 3- Key accounting estimates and judgements:

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a) Income taxes:

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions

b) Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

c) Defined Benefit Obligation:

The costs of providing other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

d) Fair value measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

Note 30**Fair value hierarchy**

- Level 1** Quoted price (unadjusted) in active markets for identical assets or liabilities. Hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.
- Level 2** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3** Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of 31 March 2018:

NOTES TO STANDALONE FINANCIAL STATEMENTS

Note 31. Financial Risk Management:

Financial Risk Factors:

The Company's financial liabilities comprises mainly of trade payables and other payables. The company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables

The Company's activities are exposed to Market risk, credit risk and liquidity risk. The Company has set up Risk Management Committee in order to minimize any adverse effects of the risk exposure on the financial performance of the Company.

Market Risk:

Market risk comprises of three types of risk: Currency Risk, Interest rate Risk and Other Price Risk.

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign currency exchange rates. The carrying amounts of the Company's foreign currency denominated monetary items are nil as on 31 March 2018 and 31 March 2017 respectively. The Company has not entered into any forward exchange contracts during the years ended on 31 March 2018 and 31 March 2017.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company has NIL interest bearing borrowings, the exposure to risk of changes in market interest rate is NIL. The Company has not used any interest rate derivatives

Other Price risk is the risk that fair value or future cash flows of financial instrument will fluctuate due to change in market prices.

The Company invests in units of mutual funds including Fixed Maturity Plans, various debt Funds and Equity funds, and hence exposed to Other Price risk. Company's Treasury dept. manages investments portfolio diversification in order to minimise risk and ongoing monitoring of market prices of investments.

Credit Risk:

Credit risk refers to the risk of default on its obligation by the counterparty resulting in financial loss. Trade receivables are typically unsecured and are derived from customers from four operations Nesco IT Park lease, Bombay Exhibition Centre (BEC) revenue, sale of Industrial Capital Goods and Nesco Foods.

The maximum exposure to credit risk on account of trade receivables, at the reporting date is ₹ 1,344.85 lakhs and ₹ 1,111.76 lakhs as on 31 March 2018 and 31 March 2017 respectively.

The Company minimises credit risk relating to IT Park lease and BEC business as follows:

-The Company obtains security deposits from IT Park lessees and entitled to terminate lease agreement in case lessee makes defaults in payment of lease for a period of two consecutive months.

-BEC customers are required to pay advance and place refundable security deposit with the Company.

Whereas, in case of trade receivables from Industrial Capital Goods division for sale of machineries, credit risk is managed through credit approvals, establishing credit limits and continuously monitored by creditworthiness of customers to whom, credit terms are granted in normal course of business.

The Company takes into account available credit risk factors as Company's historical experience for customers, customers' standing for credit defaults in market.

The allowance for lifetime expected credit loss on customer balances as on 31 March 2018 and 31 March 2017 was ₹ 18.16 lakhs and Nil respectively.

Balance at the beginning	--	--
Loss allowance measured at lifetime expected credit losses	18.16	--
Balance at the end	18.16	--

Credit risk of financial assets other than Trade receivables:

- Investments in mutual fund schemes are marked to market on ongoing basis, which is major part of total Non-current and current investments.
- Long term loans and advances include deposits with local authorities, electricity Board, electricity companies etc.
- Cash and Cash equivalents are balances with Public and Private Banks.
- Other current assets include deposits with more than 12 months maturities with Public and Private Banks and Earnest Money deposits with Govt. customer.

Liquidity Risk:

The Company's principal sources of liquidity are cash and cash equivalents, Balances and cash flows that are generated from business. The Company does not have any borrowings. The Company believes that their working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The Company manages the liquidity risk by maintaining adequate cash and cash equivalent ₹ 530.73 lakhs and ₹ 363.58 lakhs as on 31 March 2018 and 31 March 2017 respectively.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED IND AS FINANCIAL STATEMENTS

To

The Members of Nesco Limited

Report on the Consolidated Ind AS financial statements

We have audited the accompanying consolidated Ind AS financial statements of Nesco Limited (herein after referred to as "the Holding Company") and its subsidiary (the Holding company and its subsidiary together referred to as "the Group"), comprising of the consolidated balance sheet as at 31 March 2018, the consolidated statement of profit and loss (including other comprehensive income), the consolidated cash flow statement and the consolidated statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with relevant rules issued thereunder.

The respective Board of Directors of the Company included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS, of the consolidated state of affairs of the Group as at 31 March 2018, and its consolidated profit (including other comprehensive income), its consolidated cash flows and its consolidated statement of changes in equity for the year ended on that date.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" Section of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS Financial Statements of the Company for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of NESCO LIMITED ("the Company" or "the Holding Company") and its subsidiary company which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding company and its subsidiary company, which is incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting (criteria established by the Company) considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedure to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the Company and its subsidiary company incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitation of Internal Financials Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of control, material misstatements due to error or fraud may recur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company incorporated in India, have, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary company. Incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India.

Accounting Policies

Background

Nesco Limited ("Nesco" or "the Group") was incorporated on 15 April 1946, under the Indian Companies Act VII of 1913. The Company is domiciled in India having registered office at Nesco Center, Western Express Highway, Goregaon (East), Mumbai 400063 and listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The Company is mainly engaged in the following.

- i) Licencing premises in IT park buildings and providing rental services.
- ii) Licencing other premises for exhibitions and providing services to the organisers.
- iii) Manufacturing of machines and capital equipment.
- iv) Hospitality and catering services

Note 1 - Basis of Preparation of Financial Statements:

a) Compliance with Ind AS

These consolidated financial statements have been prepared in compliance with Indian Accounting Standards (Ind-AS) notified under Section 133 of the Companies Act 2013 (The Act), read together with The Companies (Indian Accounting Standards) Rules, 2015 (as amended)

These consolidated financial statements have been prepared and presented under the historical cost convention, on the accrual basis of the accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

b) Current / Non-Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:-

- i) The asset / liability is expected to be realised / settled in the Company's normal operating cycle;
- ii) The asset is intended for sale or consumption;
- iii) The asset/liability is held primarily for the purpose of trading;
- iv) The asset/liability is expected to be realised / settled within twelve months after the reporting period;
- v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting cycle;
- vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of a liability for at least twelve months after the reporting cycle;

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing their realisation in cash and cash equivalents.

c) Functional and Presentation Currency

The Consolidated Financial Statements are presented in Indian rupees which is the functional currency for the Group. Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss. Foreign exchange gains and losses are presented in the statement of profit and loss on a net basis.

d) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of schedule III, unless otherwise stated.

e) Use of Estimates

The preparation of Consolidated Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realised may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the period in which the results are known / materialised and, if material, their effects are disclosed in the notes to the Financial Statements.

Note 2- Significant accounting policies

a) Property, Plant and Equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are carried at the historical cost, less accumulated depreciation and accumulated impairment losses if any. The cost of Property, Plant and Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent recognition is done in assets carrying amount or as a separate asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Profit or Loss on disposal of Property, Plant and Equipment is recognised in the Statement of Profit and Loss. All other repairs and maintenance expenses are charged to profit or loss during the reporting period in which they are incurred.

Expenses incurred on property, plant and equipment, net of income earned during the under development stage prior to its intended use, are disclosed under Capital Work-in-progress.

Depreciation methods, estimated useful lives and residual value:

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful life of Property, Plant and Equipment is mentioned below:

Asset Class	Years
Factory Buildings	30
Buildings (other than Factory Buildings)	60
Plant and Equipment	15
Electrical Installations	10
Patterns and Mouldings	8
Furniture and Fixtures and Office equipment	
-Office furniture	10
-Computers	3
-Office equipment	5
Vehicles	10

The Property, plant and equipment acquired under finance leases is depreciated over the asset's useful life.

b) Non-Current Assets held for sale :

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortised.

c) Intangible assets:

Intangible Assets are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test. Purchase cost and consultancy fees for major software are amortized over the useful life of the software. Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 3 to 5 years.

d) Impairment of PPE and Intangible Assets:

At each balance sheet date, the Group assesses whether there is any indication that any property, plant and equipment and intangible assets may be impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

e) Inventories :

Raw materials, work in progress, stores and spares and finished goods are valued at the lower of cost or net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis.

In determining the cost of raw materials, packing material and stores and spares, weighted average method is used.

Cost of work in progress and finished goods comprises direct materials, direct labour, and an appropriate share of manufacturing overheads.

Cost of Inventories comprises of costs of purchase, cost of conversion, duties and taxes (other than those refundable), inward freight and all other costs incurred in bringing them to their respective present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

f) Financial Instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Investments and other Financial Assets:

(i) Classification:

The Group classifies its financial assets in following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on entity's business model for managing financial assets and the contractual terms of cash flow.

(ii) Initial recognition and measurement:

At initial recognition, the Group measures a financial asset at fair value plus, in case of a financial asset not at fair value through profit and loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transactions costs of financial assets carried at fair value through profit and loss are expensed in profit or loss.

(iii) Financial Assets measured at amortised cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. A gain or loss on such an instrument is recognised in profit or loss. Interest income from these financial assets is included in other income using effective interest method. The losses arising from impairment are recognised in the Statement of Profit and Loss.

(iv) Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where represent solely payments of principal and interest, are measured at fair value initially as well as at each reporting date through other comprehensive income. Fair value movements in the carrying amount are recognized in the other comprehensive income, except for the recognition of impairment of gains and losses, interest revenue and foreign exchange gain or loss which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(v) Financial Assets measured at fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVTOCI are measured initially as well as at each reporting date at fair value through profit or loss as other income. Income from these financial assets is included in other income.

(vi) Investment in Subsidiary and Associates:

Investment in equity instruments of Subsidiaries and Associates are measured at cost in accordance with the option available in Ind AS 27, "Separate Financial Statements".

Investment in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in economic environment.

(vii) Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI.

Fair value changes in case of the equity instruments classified as FVTOCI are recognised in the Other Comprehensive Income. There is no subsequent reclassification of gains and losses from other comprehensive income to profit or loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gains / (losses) in the statement of profit and loss.

Dividends from such investments are recognised in profit and loss as other income when the Company's right to receive payments is established.

Impairment loss (and reversal of impairment loss) on equity instruments measured at FVTOCI are not accounted separately from other changes in fair value.

(viii) Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTPL. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

(ix) Impairment of Financial Assets:

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required

to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

(x) De-recognition of financial assets :

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

A financial assets is derecognised only when the Group–

- has transferred the right to receive cash flows from the financial asset or
- retains contractual rights to receive the cash flows of the financial asset, but assumes contractual obligation to pay the cash flows to one or more recipients or
- does not retain the control of the financial asset or
- does not have continuing involvement in the financial asset.

When the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of financial assets. In such cases, financial asset is derecognised. When the group has not transferred substantially all risks and rewards of ownership of financial asset, the financial asset is not derecognised.

(xi) Income recognition :

Interest income from debt instruments is recognised using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When computing effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instruments.

Dividends are recognised in profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

2. Financial Liabilities:

i) Classification:

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

ii) Initial recognition and measurement:

All financial liabilities that are classified as to be subsequently measured not at Fair value through Profit and Loss (FVTPL), are recognised initially at fair value, being transaction price net of directly attributable transaction costs. Financial liabilities include trade and other payables, security deposits etc.

iii) Subsequent measurement:

All Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. The EIR amortisation is included as finance costs in the statement of profit and loss.

iv) De-recognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

3. Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

g) Provisions and contingencies :

A provision is recognised, if as a result of a past event the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of the management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is the pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

h) Segment Reporting :

Operating segments have been identified on the basis of the nature of business activities from which the Company earns revenues or incurs expenses and for which discrete financial information is available. The Chief Operating Decision Maker monitors the operating results of its business segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The Operating segments have been identified on the basis of the nature of products / services.

1. Segment revenue includes sales and other income directly identifiable with/ allocable to the segment including inter-segment revenue.
2. Expenses that are directly identifiable with/ or allocable to segments are considered for determining the segment result. Expenses which relate the Company as a whole and not allocable to segments are included in un-allocable expenditure.
3. Income which relates to the Company as a whole and not allocable to segments is included in un-allocable income.
4. Segment assets and liabilities include those directly identifiable with the respective segments. Un-allocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker.

i) Revenue Recognition :

Revenue is measured at the fair value of the consideration received or receivable. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below.

Recognition of revenue from major business activities:-

1. Revenue from Industrial Capital Goods Division operations includes sale of manufactured machines and capital equipment, engineering fees, services and other charges. Revenue from sale of goods is recognized when all the significant risks and rewards of ownership are transferred to the buyer as per the terms of the contracts and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. It also includes excise duty and price variations based on the contractual agreements and excludes value added tax/ sales tax. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.
2. Revenue from Bombay Exhibition Centre operations includes renting of its halls for exhibitions, functions and providing services to the organisers. Revenue from such renting activities and the related services is recognised in the accounting period in which the event occurs.
3. Revenue from IT Park operations includes leasing of its IT park premises and providing services to IT and IT enabled services companies. Revenue from IT Park is recognised as operating leases income on straight line basis over the lease term.
4. Interest income is recognised using effective interest method and dividend income is recognised when the right to receive the payment is established.

j) Income tax :

Income tax expense comprises current tax and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

1 Current tax :

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- has a legally enforceable right to set off the recognised amounts; and
- Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2 Deferred tax :

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilised. Deferred tax relating to items recognised in other comprehensive income and directly in equity is recognised in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- Entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- Deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

k) Cash and cash equivalents :

Cash and cash equivalents include cash on hand, Balances with Banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

l) Trade Receivables :

Trade receivables are non- interest bearing and receivable in normal operating cycle. Trade receivables are recognised initially at fair value (that is transaction price on initial recognition) and subsequently measured at amortised cost using effective interest method, less provision for impairment.

m) Leases

• As a lessee :

Leases of property, plant and equipment where the Group has substantially transferred all the risks and rewards of ownership are classified as finance leases.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to consolidated statement of profit or loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

• As a lessor :

Lease income from operating leases where the Group is a lessor is recognised in income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Leases of assets where the Company transfers substantially all the risks and rewards of ownership are classified as finance leases.

n) Earnings per share :

Basic Earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

o) Employee Benefits :

i. Short term obligations:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group

recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii. Other long term employee obligations :

Entitlements to annual leave are recognized when they accrue to employees. Annual leave can either be availed or encashed at the time of separation or retirement subject to a restriction on the maximum number of 42 days of accumulation of leave. The Group determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.

iii. Post-employment obligations :

The Group operates the following post-employment schemes.

a. Defined benefit plans (gratuity) :

The Group has unfunded defined benefit gratuity plan for employees.

Recognition and measurement of Defined Benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Re-measurements of the net defined benefit liability / (asset) comprising actuarial gains and losses are recognized in Other Comprehensive Income. Such re-measurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Group presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary.

b. Defined contribution plans such as provident fund :

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

p) Proposed Dividend:

The dividend recommended by the Board of Directors is accounted in the financial year in which it is approved by the shareholders in the Annual General Meeting.

q) Basis of Consolidation:

The consolidated financial statements relate to the Nesco Limited and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:

The consolidated financial statements of the Group and its subsidiaries are combined on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Ind - AS 110 "Consolidated Financial Statements".

- Subsidiaries are the entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the Consolidated Financial Statements from the date on which control commences until the date on which control ceases.
- Non-controlling interests (NCI): Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively. NCI are measured at their proportionate share of the acquirer's identifiable net assets.
- Transactions eliminated on consolidation: Intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions, net of deferred taxes, are eliminated. Unrealised gains and losses are eliminated unless the transaction provides evidence of impairment of the transferred asset.

- The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.
- Associates are all entities over which the Group has significant influence but no control or joint control. This is generally the case where the Group holds between 20% to 50% of the voting rights. Investments in associates are accounted for under the equity method as per Ind - AS 28 - "Investments in Associates and Joint Ventures".

r) Recent Accounting pronouncements :

Standards issued but not yet effective

a) Recent Accounting pronouncements :

Ind AS 115:- Revenue from Contract with Customers

Ind AS 21 :- Foreign Currency transactions and advance consideration.

These amendments are applicable to the Group from 1 April 2018. The Group is evaluating the requirements of the amendments and the effect on the financial statements is being evaluated.

Note 3- Key accounting estimates and judgements:

The preparation of the Group's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Income taxes:

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions

b. Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

c. Defined Benefit Obligation:

The costs of providing other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

d. Fair value measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

Note 30**Fair value hierarchy**

- Level 1** Quoted price (unadjusted) in active markets for identical assets or liabilities. Hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.
- Level 2** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3** Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of 31 March 2018:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 31. Financial Risk Management:

Financial Risk Factors:

The Group's financial liabilities comprises mainly of trade payables and other payables. The Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables

The Group's activities are exposed to Market risk, credit risk and liquidity risk. The parent Company has set up Risk Management Committee in order to minimize any adverse effects of the risk exposure on the financial performance of the Company.

Market Risk:

Market risk comprises of three types of risk: Currency Risk, Interest rate Risk and Other Price Risk.

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign currency exchange rates. The carrying amounts of the Company's foreign currency denominated monetary items are nil as on 31 March 2018 and 31 March 2017 respectively. The Group has not entered into any forward exchange contracts during the years ended on 31 March 2018 and 31 March 2017.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company has NIL interest bearing borrowings, the exposure to risk of changes in market interest rate is NIL. The Company has not used any interest rate derivatives

Other Price risk is the risk that fair value or future cash flows of financial instrument will fluctuate due to changes in market prices.

The parent Company invests in units of mutual funds including Fixed Maturity Plans, various debt Funds and Equity funds, and hence exposed to Other Price risk. Parent Company's Treasury dept. manages investments portfolio diversification in order to minimise risk and ongoing monitoring of market prices of investments.

Credit Risk:

Credit risk refers to the risk of default on its obligation by the counterparty resulting in financial loss. Trade receivables are typically unsecured and are derived from customers from four operations Nesco IT Park lease, Bombay Exhibition Centre (BEC) revenue, sale of Industrial Capital Goods and Nesco Foods

The maximum exposure to credit risk on account of trade receivables, at the reporting date is ₹1,414.31 lakhs and ₹ 1,211.60 lakhs as on 31 March 2018 and 31 March 2017 respectively.

The parent Company minimises credit risk relating to IT Park lease and BEC business as follows:

-The parent Company obtains security deposits from IT Park lessees and entitled to terminate lease agreement in case lessee makes defaults in payment of lease for a period of two consecutive months.

-BEC customers are required to pay advance and place refundable security deposit with the Company.

Whereas, in case of trade receivables from Industrial Capital Goods division for sale of machineries, credit risk is managed through credit approvals, establishing credit limits and continuously monitored by creditworthiness of customers to whom, credit terms are granted in normal course of business.

The Group takes into account available credit risk factors as Company's historical experience for customers, customers' standing for credit defaults in market.

The allowance for lifetime expected credit loss on customer balances as on 31 March 2018 and 31 March 2017 was ₹ 18.16 Lakhs and Nil respectively.

Balance at the beginning	--	--
Loss allowance measured at lifetime expected credit losses	18.16	--
Balance at the end	18.16	--

Credit risk of financial assets other than Trade receivables:

- Investments in mutual fund schemes are marked to market on ongoing basis, which is major part of total Non-current and current investments.
- Long term loans and advances include deposits with local authorities, electricity Board, electricity companies etc.
- Cash and Cash equivalents are balances with Public and Private Banks.
- Other current assets include deposits with more than 12 months maturities with Public and Private Banks and Earnest Money deposits with Govt. customer.

Liquidity Risk:

The Group's principal sources of liquidity are cash and cash equivalents, Balances and cash flows that are generated from business. The Group does not have any borrowings. The Group believes that their working capital is sufficient to meet its current requirements. Accordingly no liquidity risk is perceived.

The Group manages the liquidity risk by maintaining adequate cash and cash equivalent ₹ 883.80 lakhs and ₹ 453.98 lakhs as on 31 March 2018 and 31 March 2017 respectively.
